No. 11

Municipal Board's Office Mysore
Dated 17th May 1886.

To

The Chief Secretary to the Dewan of Mysore

Sir

I have the honor to submit the proceedings of the Municipal Board, Mysore Town, dated 11th May 1886, together with the statement of accounts for March 1886, for publication in the Mysore Gazette, as usual.

In the 7th Resolution, the Board has sanctioned the construction of a vault within the Convent premises for the interment of the remains of nuns, under certain conditions, as in the Bangalore Cantonment, but it will be observed that the burial has been restricted here only to Europeans, and not to nuns of other Castes. This resolution requires the sanction of the Government.

With reference to the 10th Resolution sanctioning the opening of two dispensaries, one in Veeranagere and the other in old Agrahar, I have the honor to forward an extract of Dr Benson's letter upon which the said Resolution was passed. It will be seen that the cost of the establishment and the rent of buildings have been sanctioned to be paid out of Municipal funds, but the Municipal Commissioners are of opinion that the Municipality can ill

afford

afford to pay the cost of medicine also, just now to the neglect and detriment of the more useful work of Sanitary improvement which is now being largely attended to in the Town, and that it is fair reasonable for the Government to bear the cost of medicine, as at present, inasmuch as the Branches are to be opened solely to save poor patients the pain and trouble of walking a long distance to receive medicine at the Hospital daily.

I beg that you will be good enough to obtain the orders of the Diwan to give effect to the wishes of the Municipal Commissioners by sanctioning the 2 dispensaries to be maintained by the Municipality, the Cost of medicine being borne by the Government.

I have the honor to be

Sir,

Your most obedient Servant.
